

Open the door to the nature of flowers and add fragrance to your daily life!

Orchid Airsprays unique composition allows you to scent your surroundings with soft and pleasant fragrance. They may also help to transform stagnant energy in a room or in your own personal energy field, your own aura.

The first experience that reaches you when you use Orchid Air sprays is the fragrance composed of specially formulated, 100% pure organic essential oils. The essential oils are nature's own natural perfume giving your olfactory peaceful and tranquil moments.

The second experience is in a more subtle way and very unique for Orchid Airspray. Each spray contains specially selected flower essences, from wild growing orchids in the north of Sweden, made with a new technic, without picking flowers.

The flower essences works by first dissolving unwanted and inhibiting energy in your surroundings and in your aura. Then they create a space in balance, with pure energy, where you will be able to create based on your own unique circumstances. It can be at home, at work, in the car, in the hotel room and/or in your own aura.

If you are interested in Feng Shui and "Space Clearing" the sprays are a fantastic tool to helping you bring clean energy into your surroundings.

Orchid Airspray is a handicraft where every bottle is filled by hand, in the north of Sweden, for you to be able to take advantage of the light of Devas and nature's healing power.

Using Orchid Airspray is like daily surround yourself with bouquets of flowers that never fade. You can choose between eight different sprays. They can all be used individually or combined together.

You use them by spraying lightly over the head and quietly breathing in or by spraying around the place where you are staying.

Purification

The cleansing Formula helps you to remove old and/or unwanted energy. It is good to use in therapeutical work to clean the room in-between clients. If you meet a lot of people and take on their energies you can take a quick "shower" to be in your own center again. You can also use the spray in environments where many people have been before you for example hotel rooms to clean out previous energies.

Protection

The Protecting Formula gives a space around you that is only yours. You can use the spray when people comes to close and you need to strengthen your own boundaries. It will help you not to absorb other people's energies when you are in crowded places. Using the spray will also give you an insight into the situations where you need to strengthen our own boundaries.

Children's magic

Children's Magic spray is an extra help for your children as well as for your inner children. The spray helps you to relax and gives you confidence. Spraying a little bit around your child or around yourself may give a connection with the inner self and be a help to sense it. The child can receive support from the parent and can feel better in his/her own balance. Spray your children before and/or after school. When they are stressed and when they are sad or angry. Good for busy and restless children.

Joy

Joy creates a happy and positive atmosphere to thrive in, by yourself or in the company of others. Joy can be used when the mood needs to be eased or to disperse blocking tension when faced with demanding trials. A fragrance that lifts, giving lightness in your step and helps you to look on the bright side of life.

Wild Woman

The Wild woman is designed to give you inspiration to develop, see and listen to your female side. When you need time and space to listen to and understand your feelings. When you dare not trust your intuition and your emotions but instead try to think logically. It is a spray for you to hear your heart's voice again and dare to trust that voice however wild it may seem. By reconnecting with your inner femininity, your inner world also becomes part of your outer reality. We all have both a female and a male part within us, which is why the Wild Woman can advantageously be used by both men and women.

Love

Love is made to create inner and outer space in harmony with the rhythm of your heart. Love helps you to open your heart to love for yourself and as a result, you learn to give and receive love in your life without denying yourself.

Relaxation

Resting brings both mind and body to relax. It creates an atmosphere where you can find tranquility and calm to get back into balance. The spray helps you find your own peaceful heart rhythm and can be used to spread a peaceful energy for a good night's sleep.

Soul's Light

The Soul Light spray helps with the manifestation of your soul on earth. It gives protection, provides grounding and steadiness. It guides you to find your spiritual way with the protection of the light and the angels. It gives the safety that you need to go your own way. The spray helps with releasing old problems so that you can better find your own place on earth.
